# Hard to Reach

## 1<sup>st</sup> Annual Conference Programme

### Hard to Reach: Applied Research Methods with Hidden, Marginal and Excluded Populations

Friday 18 - Saturday 19 August 2023

Oxford, The City of Dreaming Spires, is famous the world over for its University and place in history. For over 800 years, it has been a home to royalty and scholars, and since the 9th century an established town, although people are known to have lived in the area for thousands of years. Nowadays, the city is a bustling cosmopolitan town. Still with its ancient University, but home also to a growing hi-tech community. Many businesses are located in and around the town, whether on one of the Science and Business Parks or within one of a number of residential areas.

With its mix of ancient and modern, there is plenty for both the tourist and resident to do. The Nuffield campus is located in the city centre of Oxford.
